

Mechanical/Electrical Equipment Assembler

Target Fill Date: ASAP

About Arradiance LLC

Founded in 2003, Arradiance combines unique talents in material science, charged particle physics, equipment design, modeling, simulation, vacuum technology, and metrology providing world class application of Atomic Layer Deposition (ALD) and Plasma Enhanced ALD (PEALD) equipment and foundry services.

Primary Objective:

Arradiance is looking for a qualified individual to fill an opening for Mechanical/Electrical Assembler. The candidate will be required to mechanically and electrically assemble and test process systems for research/manufacturing applications. We have a dynamic, talented and collaborative team and want those energized by contributing to ingenious yet simple solutions to solve our customer's toughest problems. Duties would average approximate 70% mechanical/ 30% electrical respectively.

Position Type: Non-exempt hourly Monday to Friday 8 AM – 5 PM

Knowledge base required:

Working directly for the production supervisor, the ideal candidate will be a creative, highly skilled, and highly motivated self-starter that has the following expertise:

- 2+ years of Mechanical Assembly experience.
- Highly dependable and able to consistently work a 40-hour work week.
- Strong understanding of AC/DC electrical circuits
- Basic machine shop skills
- Mechanically and electrically build complex assemblies within established time frames and processes with a high degree of accuracy and quality
- Exceptional attention to detail and is self-managing and self-motivating
- High interest in working in a fast-paced multi-faceted environment
- Well versed in industrial safety procedures
- Candidate can, with assistance, prioritize demands and utilize time wisely
- Good communication skills are required
- Knowledge of Microsoft 365 suite
- Semi-Conductor or vacuum equipment experience a plus

Required Experience base and qualifications:

- 2+ years of Mechanical Assembly experience
- Able to easily commute to Littleton, MA
- United States Work Authorization
